EAST SIDE HIGH SCHOOL

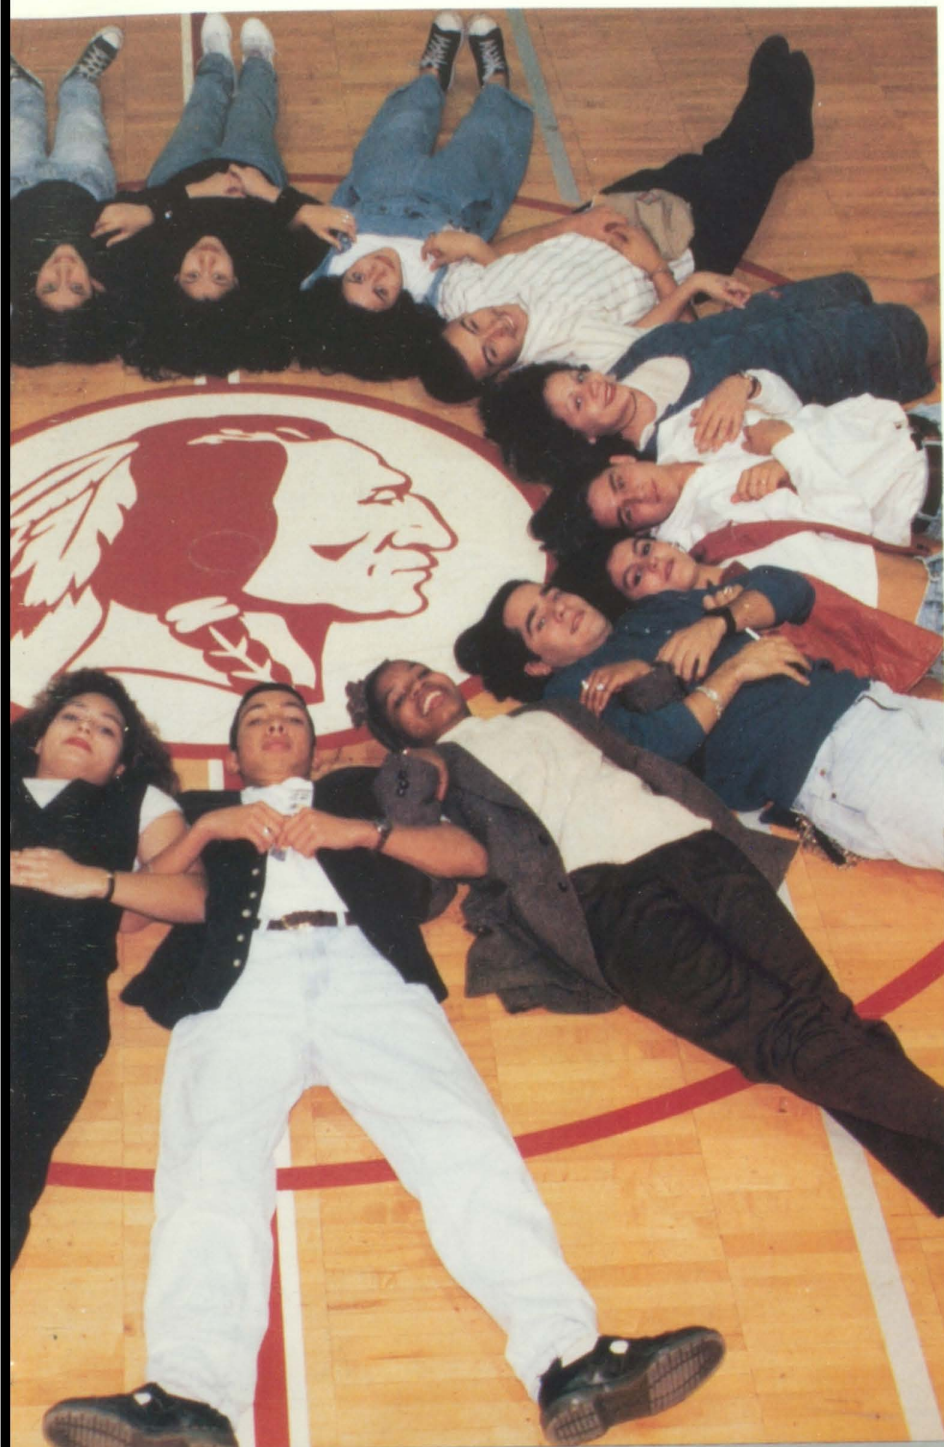

238 VAN BUREN STREET

NEWARK, NEW JERSEY 07105

Do you *Dream* in color?

As we live our lives, we must make our world, and it is up to us to pick the colors. Like any other person we dream of whom we'll be, and what we'll become. Black and white desires. We need lows, and greens! cannot satisfy our reds, blues, yellows, and greens! All these colors being opportunities ahead of us. In our society, we know that a black and white perception of the world leaves us in darkness. Not to be an imaginative individual creates a dullness, a shade of grey being both black and white! We all know how to live, so we must learn how to dream. Let us make our dreams worthwhile . . . Let us DREAM IN COLOR!

Despite our differences we lie together.

Studying . . . how rare.

It's a girl thang!

Cool like that!

Funkdafied.

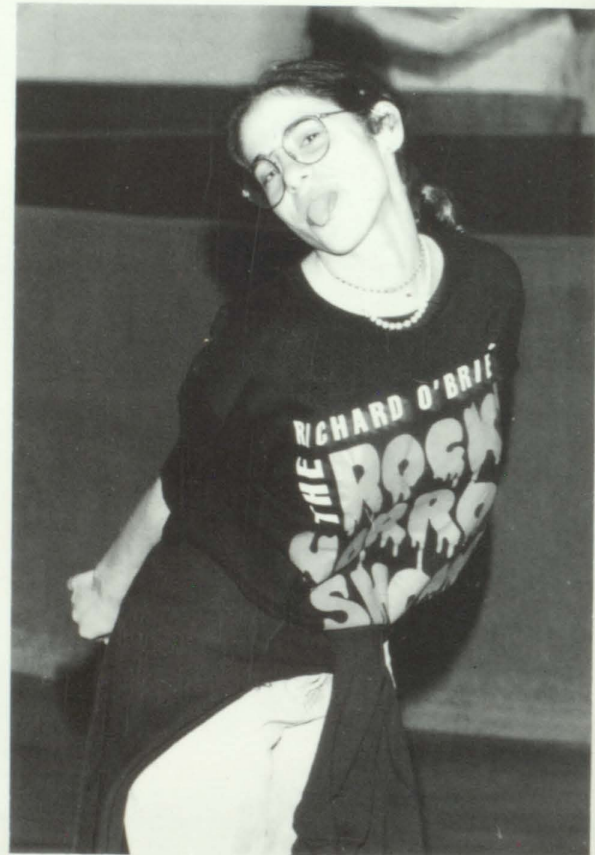

Look honey, they're taking a picture.

Come on push me!

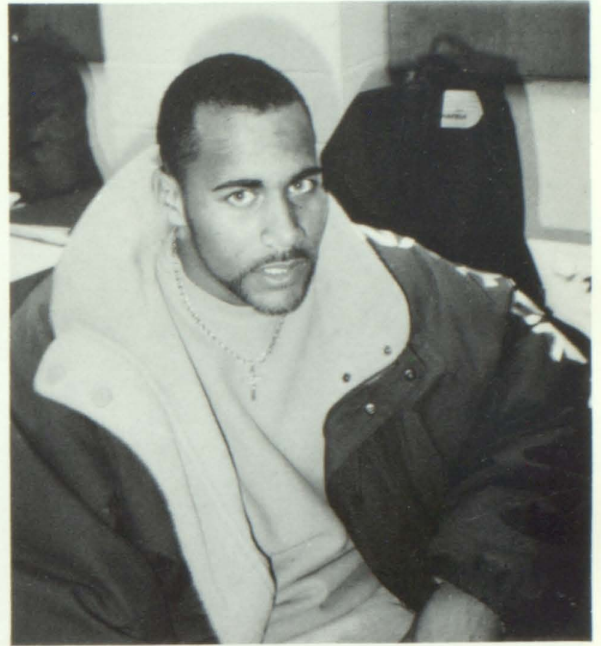

Will you give the drumset back?

Nah, nah, nah-nah, naah!

Oh! The pressure!

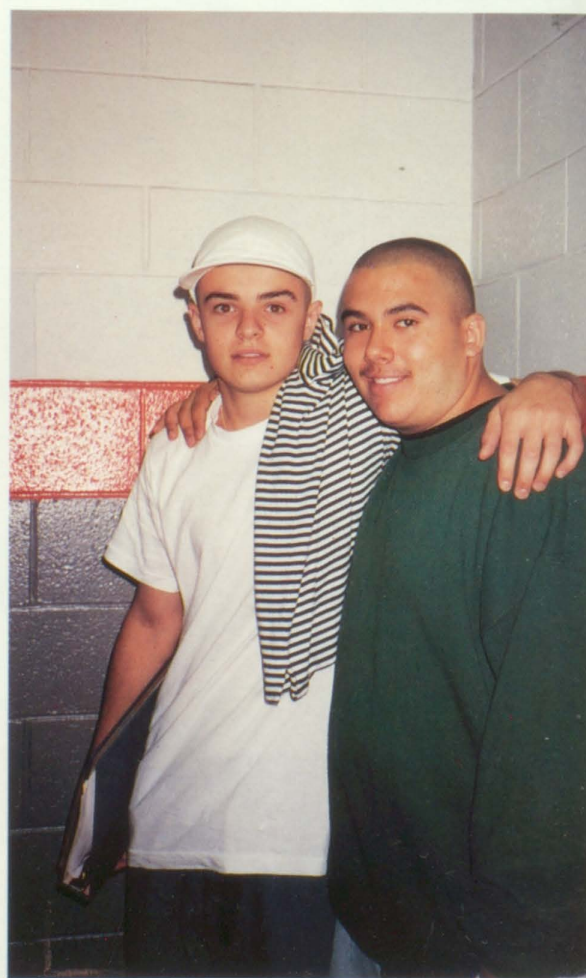

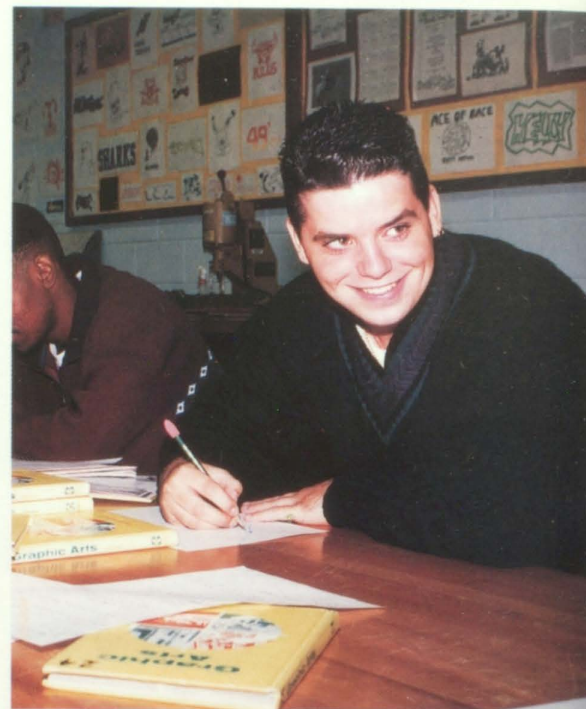

Check it! You're giving me
a semi!

Stud muffins!

Cinderella had a fairy
godmother, why can't I?

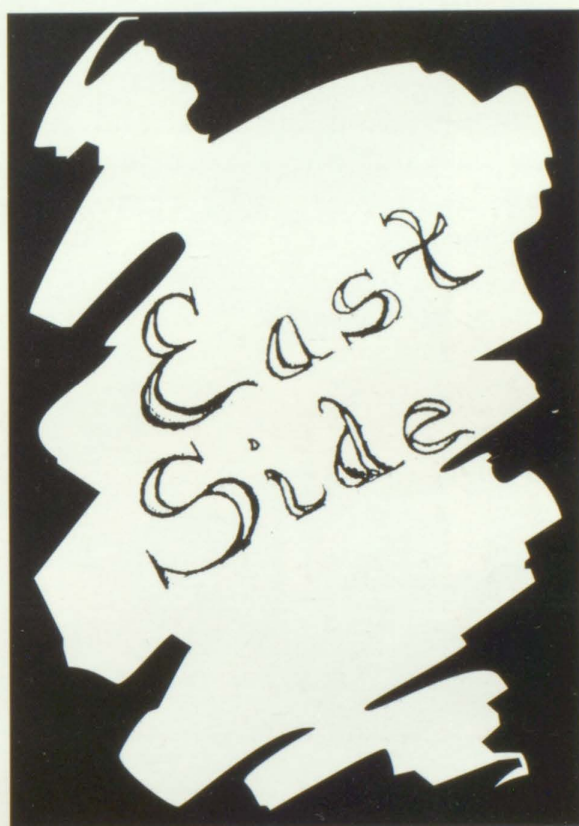

It's too early to work.
Sandra, stop hiding!
So many girls, so little
time.

I'm going to get an A for
sure.

We don't like to brag, but
we're cool!

Working hard or hardly
working?

I love school.

Yeah, we're outta here!

Hanging Out

is what we do best . . .

Through the years we have encountered different people and have learned from each other. We have come to be close, in very special ways. We've been through good and bad, and made it. Now as time goes by, we as the senior class of 1995 are making it last! Here we shared the best years of our lives, years that are being treasured with just a few pictures. Pictures and memories that will live forever. Things like "hanging out at the park, and class trips", are things that are being treasured, things we will remember throughout the years . . .

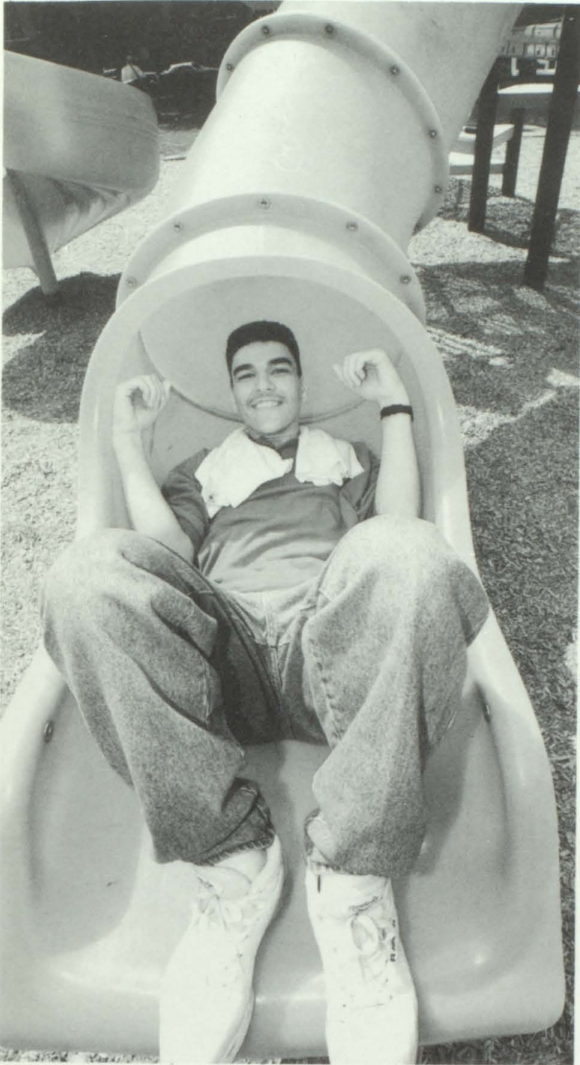

United we stand, together we will fall.

?#@! Should I stay or should I go?

Coming out of the dark.

Smile for the camera, Isabel!

Together forever 'til graduation do us part.

I'm not crying now!
Male bonding at its best!

"Hey guys, the camera is headed this way!"

Looking for a way out.
Help, let me through!!!

... Together we stand out from all the rest!!!

... East side has an incredibly large amount of students from all around the world. Though at times it was hard to understand one another we would always find a way through. We have shared some kodak moments and have learned that "hanging out is what we do best ... together we stand out from the rest!!! ..."

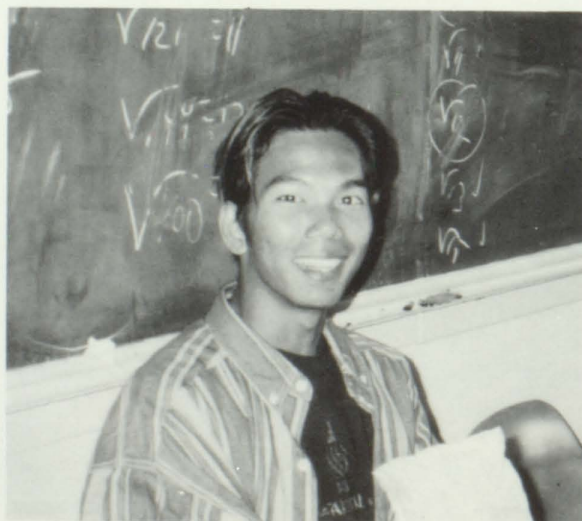

I'm a "SENIOR!"

"sure? ... Unsure? ..."

1, 2, 3 We're out of here!!

A Typical East Side

Aren't I adorable?

You shouldn't have ...

Clearly, you are not going to take this picture.

Day

I'm waiting for the man of my dreams.

Martha "don't stop smiling".

Where is the answer to #4?

As I was saying ...

Hey, I want to be in this picture too.

Pure Simplicity

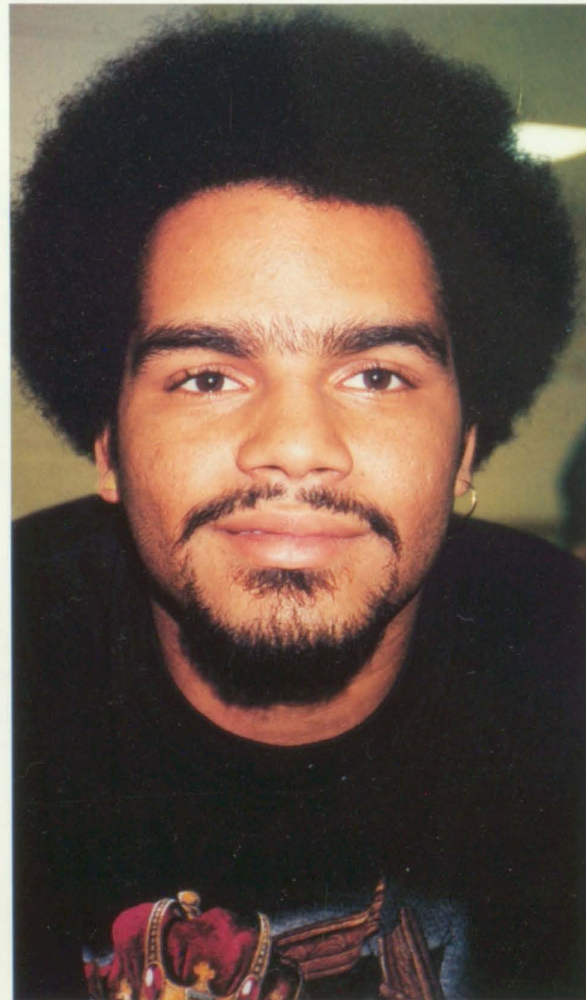

We created ourselves so be your own creation that will show your perfect expression. Even if times are changing in this last year of our East Side culture one thing will still remain our remembrance of a certain face. A person who changed some sort of our look on our lives, we might be miles apart but that simple smile, that simple stare, his simple touch. Will stay in our hearts and it may never fade from our minds. The emotions we felt, stories being told, walking in the hallways, fire drills being pulled. Those were all our moments of happiness. You asked yourself why are we here, but our reward is still to come. Maybe we'll lose or gain some great meaningful things from all this. But it'll stay with us now, it stayed with us then, and never forget those simple moments, and ask yourselves where or when?

Just another raining day.

The sky is the limit.

I know I can!

Barbara, can I getta lick?

Oh, I spit all over myself
again!

What a daydreamer . . .

I'm on my way!

Say cheese!!!

Not now Maria, my hair doesn't look good!

Lighten up Sandra, this class isn't that bad.

Female bonding during lunch.

Moe, Larry, Curly.

We're all in it
together!

Faculty

Robert H. Wujciak, a man with tremendous dedication, has led our East Side for a decade now. He has provided us, the students, with a feeling of comfort and security. For four years, East Side grew to become our second home. There we learned the important qualities that transformed themselves into the foundation of our successful lives. Hence, the senior class of 1995 will like the sincere opportunity to thank our principal for the experiences that only East Side High School could provide!

TEACHERS ARE

REAL PEOPLE TOO!?!

PRINCIPAL

A stunningly handsome gentleman, with piercing green eyes, Robert H. Wujciak, East Side High School principal for the past ten years plus, takes a look at today's Educational System from a vantage point that most educators would probably agree with. "Society in general, the State of New Jersey, the country, Newark and parents and the court systems have to deal with adolescents in a totally different fashion than they did 30 to 40 years ago," Wujciak said.

"Basically our school systems have changed when you come up to new and advanced problems, you have to name new and ingenious solutions", said Wujciak. "Schools have been unchanged for hundreds and hundreds of years, going back to ancient times. Overcrowding, expensive guns, violence, gang wars, and I think that somewhere along the line, you have to can the 'cookie' cutter students", said Wujciak.

Thirty years in education, twenty five of which have been with the Newark Board of Education has proven him to be correct, in forecasting events in taking place in the country. "All students are different and they all want to go in different directions," said Wujciak. "The HSPT (High School Proficiency Test) although it's the law is insensitive to the diversity of students as aforementioned." He further commented, "All students are not going to college and again society, civilization as we know it today, depends on plumbers, builders, auto mechanics and then well trained, make as much money as 'professionals'."

Having made his mark in education, Wujciak got off to an early start, receiving an M.A. in biological sciences at the ripe age of 23. He admits that because of "religious considerations," his parents sent him

to an all male parochial high school, Seton Hall Preparatory. His background has served him well. For if education metier, it is his skill as a restaurateur that has equally dominated his life for the past 30 years. He has operated a family owned restaurant for the last 25 years, and 5 years prior to that was in business on the corner of Chestnut and Pulaski Streets. Another side of his character is that of a husband and father. He and his charming wife Janette, can proudly boast of their two fine offspring. Bob Jr. an outstanding football player, a third year student at Boston University. And their beautiful daughter, Patricia, herself a notable athlete who attends Morristown Beard. "As we focus and direct all our efforts on the HSPT," he adds, "for example, debits must be accrued on the other accounts, i.e., character building personality developing family living, parenting, driver education, civics and civility and law practices."

"When I was in school it seemed that all of the teachers would emphasize albeit, not just a little hypocrisy, knowledge!", Wujciak said. "Even this hypocrisy no longer exists."

TIME

ON

OUR

HANDS

Academics

THROUGH THE YEARS WE HAVE BEEN AT EAST SIDE HIGH SCHOOL WE HAVE LEARNED A LOT ABOUT ONE ANOTHER. MUCH THROUGH ACADEMICS, WHICH WE HAVE JOINED AND HAVE WORKED TOGETHER TO MAKE EACH INDIVIDUAL CLUB A FRUITFUL ONE. WE HAVE LEARNED ABOUT CULTURES, AND HAVE BUILT A CONJECTURE OF IDEAS AND DECISIONS THAT HAVE PROJECTED OUR YEARS INTO THEIR BEST, TIME AFTER TIME. MUCH IS PUT INTO OUR GOALS, AND OUR ONLY REWARD IS THAT WE HOPE IT SHALL LIVE ON, FOREVER. IT IS THE HAPPINESS AND FUN YOU RETRIEVE THAT MATTERS. "TIME IS ON OUR HANDS" ... NEVER FORGET THIS FOR LIFE IS WHAT YOU MAKE IT. AND WHAT YOU DO YOU'LL LIVE WITH IT THROUGHOUT!!! ...

The National Honor Society is the front runner of organizations and societies that promote appropriate recognition for students who reflect outstanding accomplishments in the areas of scholarship, character, leadership, and service. The National Honor Society has been regarded from its inception in 1921 as a concrete way to promote high school academic standards, a means of ensuring the continuation of democracy, and an instrument for the betterment of the individual and the school. Today there are over 15,000 chapters throughout the United States. The East Side High School chapter of the National Honor Society chartered in 1932 has always exercised initiative, resourcefulness, and ingenuity in promoting Society standards.

Membership in the National Honor Society is an honor bestowed upon a student. Selection for membership by a faculty council is based upon outstanding scholarship, character, leadership, and service. Candidates become members when inducted at a special ceremony. Once inducted, members have the responsibility to continue to demonstrate those qualities for which they were selected.

It is important for everyone to know their culture and background. The Black Heritage Club focuses on guiding young African Americans in the positive direction.

LIBRARY CLUB

The Library Club exposes students to a variety of literature. From Classics to current events, the Library Club instills a desire for knowledge.

STUDENT COUNCIL

The Student Council is designed to get students involved in their community. As an example of their accomplishments they sponsored a very successful food drive during Thanksgiving, as well as many other activities throughout the year. The Student Council volunteered their time and effort to make our community a better one.

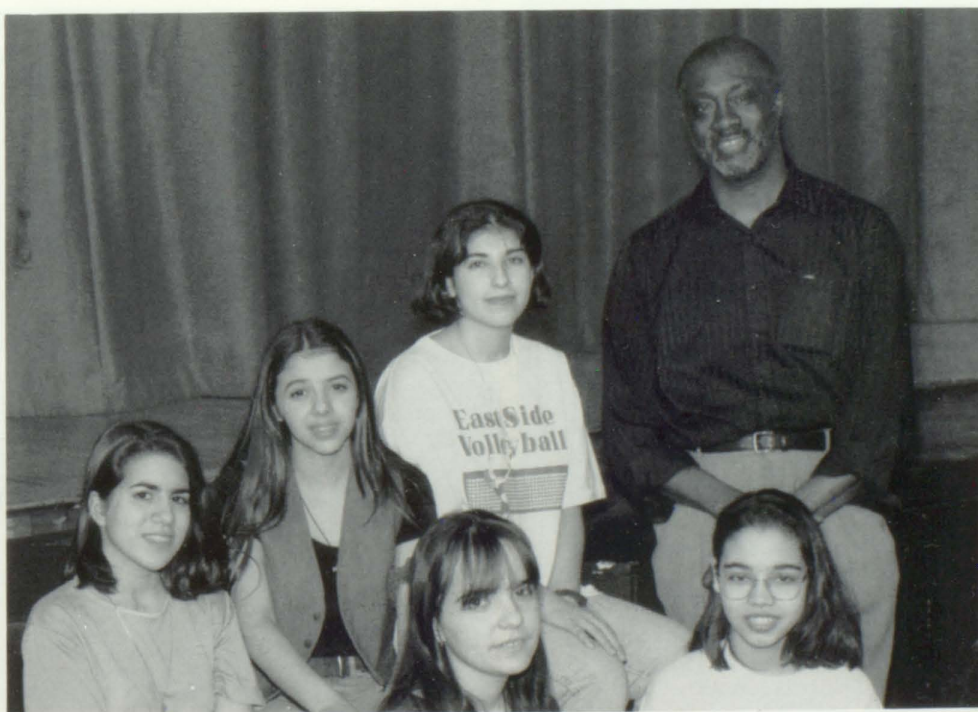

The French Club has throughout the years provided students with the opportunity to get involved in a variety of things. Each year, they take pictures with Santa, along with other fundraisers to make their annual scholarships possible. In general, the French Club's true goal is to make the best of the year.

FRENCH CLUB

The Photography Club is composed of students that want to do more than to just take pictures. They learn how to develop their own film and enlarge their own prints while realizing that there's more to a picture than what meets the eye.

PHOTOGRAPHY CLUB

"To live life fully one should listen to the melody the world makes . . . " unknown

BAND

LITERARY MAGAZINE

East Side's Literary magazine provides the opportunity for students to share their creativity.

GEOGRAPHY CLUB

The Geography Club members not only learn about many parts of the world, but they explore it as well. Their successful trip to Boston and Washington D.C. was not only a learning experience, but an enjoyable one as well.

The Ski Club

The Ski Club has brought memories and exciting adventures that will never be forgotten.

ROSTER OF SUPERIOR MERIT

Gerard J. Morano attended Lafayette Street School, in Newark, New Jersey. From Lafayette, he spent the next four years at East Side High School in Newark, New Jersey where he's participated in many school activities. He was a Senior Class President and Student Council President at the same time. Gerard graduated second in a class of over (300) students. Montclair State College then followed, where he attained a B.A. in Industrial Technology Education. In 1964, upon graduating from Montclair State, Gerard's first position was as an Industrial Arts teacher at East Side High School. Gerard's second full time position came in October of 1970, when he became the husband of a girl named "Candy." During his years as a teacher at East Side School, he served as Student Council Advisor, and for many years coached Junior Varsity Baseball, whereby East Side won City Championships during 1969, 1970 and 1971. Also during his teaching years at East Side, he received his M.A. in Industrial Education and Technology at Montclair State College, and an M.A. in Administration and Supervision from Seton Hall University. Gerard's first administrative position was in 1973, where he was appointed Supervisor of Technology Education at the Newark Board of Education's Central Office. In 1977, Gerard was promoted to Director of Employment and Technology for the Newark School System. He has been serving in this capacity since. Gerard J. Morano and his wife, who is a classroom teacher, have (2) lovely children. Their son Craig is a Freshman at Villanova University, and their daughter, Samantha is in the eighth grade.

ATHLETICS DIRECTOR

The Athletic Director supervises over all athletic programs.

Here at East Side, Mr. Leonardis plays that particular role. Every coach, as well as every athlete relies on his decision about scheduling, equipment, and transportation. Mr. Leonardis takes his job very seriously, and is an active part of many sporting events. For his dedication, hard work, and school spirit we commend Mr. Leonardis for a job well done!

FOOTBALL

The football team was very successful this year, which many are proud of what they have accomplished. The team's "hard work", has definitely paid off. The team had a record this season of 3-6, which has improved since last year. These winning results were achieved through hard work and determination, which many players of the football team got involved in, the summer camp, located in the Catskill Mountains. They improved their football skills and prepared themselves for the upcoming Watchung Conference. So the results did shine through, in many players during this season. Remember as Coach Westbury once said, "As athletes and football players, it is not only important to be physically fit, but mentally fit as well. Keep your mind on football and this team will be successful."

Wrestling may not be as easy as you think, it requires a great deal of tactics. Each wrestler must stand alone, balance their strengths, and have the motivation to win. Octavio showing us one of his better sides

The 1995 Boys Tennis Team is arguably the best boys' tennis team in the history of East Side High School. Octavio Lopes and Englebert Brito are being sought after by many colleges. Paul Guedes and Fernando Pereira are hard workers and have developed into quality high school tennis players.

Octavio Lopes congratulations, you were the first East Side player to qualify for the State Singles' Tournament!! The East Side Tennis players greatly benefit from a well organized program, despite the lack of decent tennis facilities in our Ironbound Community.

The East Side Girls' Tennis Team played competitively in its 6th season, as a member of the Watchung Conference. The team has four seniors, Valerie Velez, Sandra Costa, Diana Lijo, and Kelly Ryan. Valerie played at a higher level than any other girl who has played for East Side. Sandra and Diana had their best effort in a come-

from-behind over Union High School. Kelly began the season as a back up, but was soon in the starting line-up. Kelly's best match was against Elizabeth High School, in which she led a 2-3 victory before a stunned crowd at the Elmora Racquet Club in Elizabeth. The coach is very proud of their program, as well as the players.

Our daily activity: hanging out during a fire drill.

On this special night everyone dressed up, looking like ladies and gentlemen, as they made their grand entrances into the Mediterranean Manor on May 12, 1994. This evening was a great success for everyone. When the music started, the dance floor filled, and even the shy Juniors were gettin' down. The Class of '95' chose Brenda Matthews and Carlos Barros as their King and Queen of the Junior Prom. It was the biggest bash of the year!

O *Malmequer*

Como uma planta,
Nasci no canteiro dos meus pais,
no meu Pais, Portugal!
Viajei astravés do Atlântico
e fiquei neste canteiro da América do Norte.
Vivi, cresci, desenvolvi
e, aqui estou!
Uma planta sozinha!
Num horizonte tao vasto . . .
Ai, o que hé-de ser de mim!
Meus sonhos e ambicoes,
devastados através do tempo!
Agora, quem os ouvirá,
ou torné-los-á realidade?
Oh! Meu Pais,
Minha Pátria, Minha Ambição!
Quem mos devolveré?
Tanto amor, tanta ambição desperdiçados . . .

THE SUN AND ME

As the sun sets,
on the horizon,
for the night's rest.
And rises the next day,
looking its best.
And that is the way
I see myself.
I like to aim high,
just like the sun
reaches the sky.
I'd like to grab hold,
of all my goals.
And just like the sun,
gets around the clouds of rain,
I get by all the pain.
For nothing holds the sun back,
not even one of nature's silly traps.
Like so, I plan not to lose track.
and, rise in the same way, as
the sun rose today.

WEDNESDAY

THURSDAY

ARIES

3/21 to 4/20

You get the job done, there's no two ways about it. In general, ARIES individuals have a fresh, sometimes naive quality. Sure, you like to think of yourself as a pragmatist, scoping out possibilities ahead of you. Still, most of you haven't yet learned the realities of a complicated world. You keep it very simple. You believe you are the master or mistress of your destiny.

TAURUS

4/21 to 5/20

You robustly appreciate life, the beauty of the earth, the uniqueness of the moment. Many astrologers refer to your temper calling up the fighting title, "Raging Bull." Still, your power is at its peak when you simply are holding your ground, firmly and tenaciously as only you can. You win at a stare down; you have the necessary endurance to overcome blows that would topple a whole battalion of fighters; you never start what you can't finish. You understand the word commitment. You are infamously stubborn in relationships, but when it's time to call the whole thing off, you'll still be in the ring, waiting for the frustrated lover to come running back to your strong embrace.

GEMINI

5/21 to 6/20

The reason that you are symbolized by the Twins is that you are two times yourself. There's just that much more of you to go around. You may have some other qualities, such as separation between what you're feeling on the inside and what you show on the outside, or the big contrast between what you say and what you say and what you do.

CANCER

6/21 to 7/22

You probably always look good and your surroundings probably look even better. That's because whether you live in a trailer or in a castle you absolutely require that your home resemble a womb! You like low lighting, soft and cushy furnishings harmonious colors — peaceful protection from the storms outside. You are a Moon Child. The changes in the Moon, your ruling planet, affect you at every moment of your life. Like it, and like the force of water, you can exert an amazing yet undetectable power over others.

LEO

7/23 to 8/22

Symbolized by the king of the jungle, you as a Lion are characterized by a regal posture, noble interests, lofty tastes, and by your commonly held belief that you are extra-special. If this sounds a little too self-centered for one as gracious as you, look again, honey. For all your personal power of presence, you by definition are egotistical. You believe you deserve the good life. Truly, in your heart you always feel rich. You appreciate being alive and thrive as an active participant.

VIRGO

8/23 to 9/22

You are a genius at coping with zillions of boring little details and a complete devotee to order. You process, you analyze, you systemize. Let's face it — you're flowing with gray matter. Just because you score so highly with your intellect, don't start to fret that you're a total nerd. You can be fussy, finicky, nit-picky, critical of other ways of life, and sometimes even prudish. But you are not a nerd. Otherwise you wouldn't have earned the friendship and admiration of so many others. Your acts of giving are so impressive that your minor shortcomings are overlooked. As symbolized by the Virgin, you truly are a purist — highly moral, wholesome, untainted, unwilling to be soiled by selling out to the status quo.

LIBRA

9/23 to 10/22

Your intelligence is of a kind that grasps concepts and broad-scoped abstracts that completely elude the feeble of mind. As discriminating as you are, you dispense with boring, extraneous details. Rarely do you get caught up with petty peevish like a certain neighbor of yours, whose cleanup act is performed more often with a mop and rag. Your tools are your well recognized Scales, symbolizing to others your most positive attributes: honesty, fairness, justice. Their opposites — dishonesty, greed, and corruption — are your public enemies. That's the dirt that you try to clean up. Once you have determined your answer, or made your decision, however long it has taken you in deliberation you will stick to your conviction come hell or high water.

SCORPIO

10/23 to 11/22

You'll move toward your goals slowly and deliberately, as if you were stalking live prey. You may prefer to keep your ideas and plans under wraps. No matter which decan your birthday falls under, you'll have some secrets that you share with no one, and I mean no one. By the same token, you are chronically seeking the secrets of other people. The magnetic power that you often exude seems to draw information out of others automatically. I'll bet that strangers are always spilling their guts to you and then complaining, "I didn't mean to tell you all of this!" You just always seem to have your feelers out for heavy-duty action. And though you may not be center stage, you will have more control of what's going on than the major players. Most Scorpios have an insatiable desire for knowledge on every level. From spiritual and intellectual revelations, to psychic or scientific wisdom, to good old carnal knowledge, you want the edge on everyone else. You take the phrase "to know" someone, in the Biblical sense, don't you now? You

ASTROLOGY

SAGITTARIUS

11/23 to 12/21

You warm hearts and homes, you heat up spirits when they're low. You inflame and ignite the minds of others through your fervent love ideas. And, surprise though it may be, your reputation for bluntness, you're cornballs. We love clichés, and handy proverbs. I bet you would have never guessed! You can sometimes move too quickly for our own good. SAGITTARIANS thrive out in the open wilderness, galloping along solo. It's not that you don't like other people. On the contrary, you're often known among friends as true party animals. At the same time, we all have a chronic fear of confinement.

CAPRICORN

12/22 to 1/19

You Goats must achieve the highest levels of success or you will feel your life is worthless. Money, career excellence, recognition, physical security, and emotional intimacy are all matters of supreme importance. Because most of you secretly consider yourselves to be the underdogs of the world, you will work tenaciously to get to the top in all those areas. You almost always prevail. Remember that you're the one looking down the mountain at everybody else. You'll outlive and outdo all the others. You may not be chuckling now, but you always get the last laugh.

AQUARIUS

1/20 to 2/18

Your era, when it dawned in the free-speaking, freedom-loving sixties, brought about powerful changes in attitudes; not unlike the very goals you Aquarians have in your daily lives. The only thing that all unconventional opinions. And just because you ladies and gents sponsored an age that began with hippies, love beads, be-ins, and streakings, doesn't mean that you're all radical left-winged liberals. As symbolized by the human Waterbearer, you bring a refreshing, positive message of community, of hope, and of progress. You'll do something with your ideas, especially when they serve mankind. How altruistic you are!

PISCES

2/19 to 3/20

More mental geniuses populate your seas, along with some of the greatest seers and visionaries, artists, musicians, lovers, religious martyrs, alcoholics, bums, and con artists than any other sign put together. The choice is yours. Your symbol, the Two Fish shapes pulling in opposite directions while tied together by a string, basically says it all. Your heightened sensitivities to everybody and everything, can sometimes stress you and stretch you to extremes. You complete the karmic cycle of astrology, and though being you may not always be so easy, all of us depend on you for our very lives. Every person from each of the other decans should have a Pisces in their life, on one level or another.

Once upon a time, an ARIES was overheard to say in passing, "Why can't everyone be like me?"

Unaware that anyone was listening, a TAURUS once said, "I'd like to have my security reinforced."

Two GEMINIS once complained out loud to each other, "Why do people always gossip about us? Who do they think we are — a couple of paperback heroes?"

The question most asked by every CANCER is "Why is a love affair like a high tide?"

When asked the secret to his success, a LEO once replied, "I believe in strong comebacks!"

A VIRGO who was having a bad day placed a note on his desk that read, "I'm temporarily out of order."

One LIBRA was overheard confessing to another LIBRA, "Sometimes I feel bad. But I don't know when!"

Two SCORPIOs tried to enter the Olympics. When asked which sport was their specialty, they responded in unison, "We're bedroom athletes."

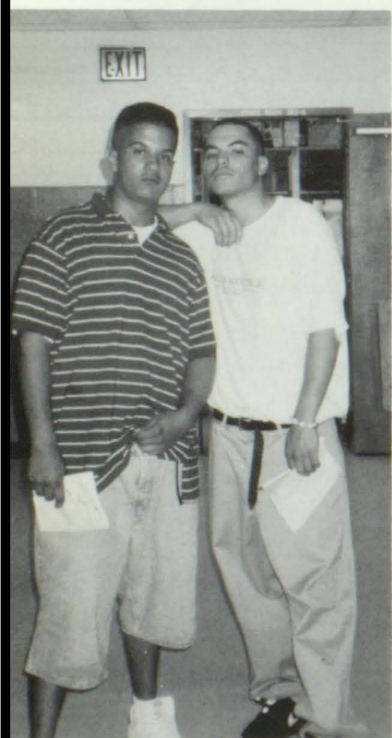

At the divorce court, a SAGITTARIUS who'd gotten the raw end of the deal proclaimed, "A breakup isn't a failure. It's an experience!"

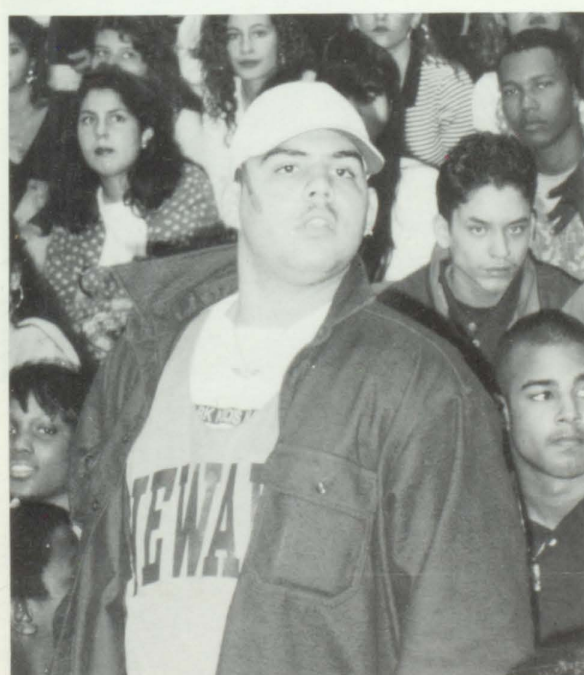

When asked what was wanted for a birthday present, one CAPRICORN responded, "Someone to take care of me!"

An AQUARIAN declined an invitation to have lunch with a friend, saying, "Sorry, I'm too busy saving the world!"

Practically drowning in Kleenex and tears, a PISCES complained, "Why don't I ever learn from past mistakes?"

FRIDAY

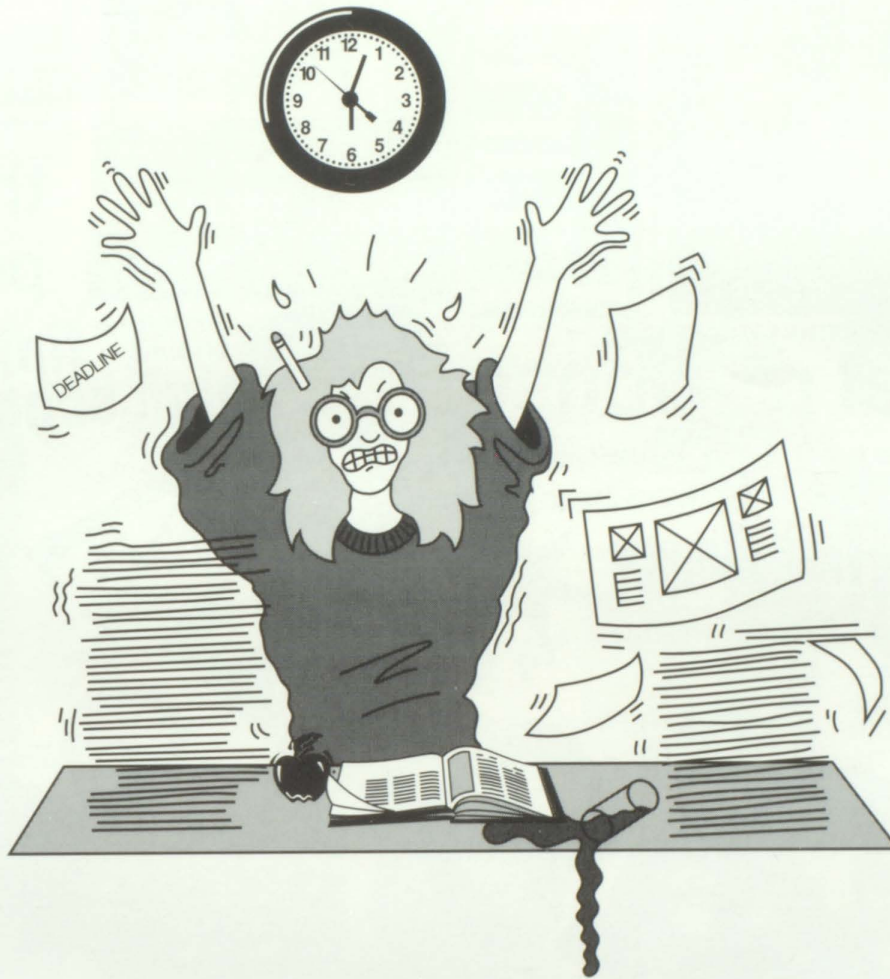

THE RAIDER WITHIN US

Do you remember the first day you walked into East Side? Do you remember being late because you couldn't find your class? Do you remember asking where the cafeteria was or about the fifth floor? Finally we know where everything is at and we know how to get there. The frightened little Raider never died, he still is part of us. After graduation each one of us will go our own individual ways. Those of us that continue school will become that little Raider again. We'll ask some of the same questions and feel many of the same fears. Only now we are more confident, if we made it once before, we will make it through again!

THINKING BACK TO ALL THE FRIENDSHIPS I'VE HAD AND STILL SHARE, I KNOW I COULD NEVER FORGET ANY OF THEM. I KNOW WHILE REMINISCING, A SMILE WILL COME TO MY FACE AND MAYBE A TEAR TO MY EYE.

THE MEMORIES WILL COME BACK AT ONCE, AND I'LL WONDER AND PONDER ON WHERE ALL THOSE DAYS WENT, AND WHY SO VERY QUICKLY.

WHERE DID ALL THIS GO ,WHERE ALL THE FRIENDS THAT I WAS WITH. I KNOW I'LL ALWAYS WONDER , BUT SEARCHING FOR ANSWERS THAT CAN NEVER BE FOUND I DONT WANT TO DO.

I'LL BE HAPPY WHEN I REALIZE THAT I'LL LIVED SUCH HAPPY MOMENTS WITH SUCH DEAR FRIENDS, ONLY FEW PEOPLE ARE SO LUCKY.
